Mr. Johnny Davis,
620 Blaine St.,
Schenectady, N. Y.

Dear Johnny:

I find it is necessary for me to have a little information about your trouble in order to get things taken care of. I am going to see some one, but I must be able to take them the information, the crime you were accused of, where and when it took place, how long a sentence you received, how much time you served, when you were paroled and in whose custody, and if there is any additional information you think I should have, please add it. Get this to me as quickly as possible.

Very truly yours,
